

Convention of the Left

The Labour Land Campaign

invites you to participate in a lunchtime discussion on

LAND VALUE TAX

led by

Heather Wetzel

Labour Land Campaign Trade Union Liaison Officer

and

Jerry Jones

author of LLC pamphlet, *Land Value ... for public benefit*

Questions to be discussed will include:

- **Why a land value tax is fair and should be part of a Labour Party programme**
- **Why introducing a land value tax now would help prevent a future house price bubble**
- **How a land value tax would help fund public transport and other public services**
- **Why a land value tax would help eliminate derelict sites in towns and generally improve the environment everywhere**
- **How a land value tax could collect “all rents of land for public purpose” (K. Marx and F. Engels, *Communist Manifesto*, 1848) without the need for nationalisation**

Saturday 26 September 2009 at 1.15 p.m.
